Engineering is the bottleneck in (Deep Learning) Research

[Terrence Andrew Davis](#) · 10 months ago

The CIA actively obsafucates. VMware does not put hard drive and CDROM at the same ports every time. It plays musical chairs. Wicked. that's why TempleOS is the only viable system. No CDhinese. No Indian. NO Russian. No young generation. God parted the Red Sea and I alone against the wicked arrows of the CIA prevailed. Now, I execute them and fix the obsfucation.

Read and Write Other Process Memory

[Terrence Andrew Davis](#) · a year ago

TempleOS doesn't use paging, basically. It is single address map. therefore one task has code at one locationb and another task had code at another. One task has stack at one location and another task has stack at another location. You'd be surprised how many people pretend to believe multitasking is impossible without paging.

1 Kings 6:21 (King James)

6:21 So Solomon overlaid the house within with pure gold: and he made

a partition by the chains of gold before the oracle; and he overlaid it with gold.

6:22 And the whole house he overlaid with gold, until he had finished all the house: also the whole altar that was by the oracle he overlaid with gold.

6:23 And within the oracle he made two cherubims of olive tree, each ten cubits high.

Destroying The Encryption of Hidden Tear Ransomware

[Terrence Andrew Davis](#) · 2 years ago

You have to do an offering before generating random words or a random passage. Talk to God or write a hymn. Be witty and charming. You get back the same love effort you put in. Imagine how picking a greeting card takes love effort. Write a hymn. God will talk.

<http://www.templeos.org/Wb/...>

↑ ↓ [ViewView in discussion](#)

[Terrence Andrew Davis](#) · 2 years ago

Read this if you want the secret of getting God to talk in tongues:

The Purpose of Life

The Catholic purpose of life is to know God, love God and obey God. Pope Francis said it was "to serve the other." I am High Priest of God's official temple and I say the purpose of life is to do continual offerings to God like Cain and Abel and enjoy God's response. Francis has a charity; I have a church. Jesus said loving God was more important than loving neighbor. Matthew,22:36 And He did not say with half your brain behind your back

And, He did not say with His hand your brain behind your back.

You don't know God. 1 Chronicles,28:9, Matthew,11:27, Luke,13:25, 1 Samuel,3:7
You must talk with God to know Him. Matthew,6:6 Seek Him by taking the initiative. Luke,11:9, Isaiah,30:2

There's something obviously different about people in the Bible compared to people today -- God talked! Also, the people in the Bible were obsessed with doing offerings all the time. It is required that you do offerings before God will talk. Did the people in the Bible hear voices? Maybe. More likely, they used occult techniques such as an oracle. 1 Kings,6:20 Have you heard of "tongues?" 1 Corinthians,14:1 The idea is, you let yourself be puppeted by a spirit, so you say things. You try to get a spirit -- the Holy Spirit -- to talk. You might as well use a Ouija board. However, it turns-out that a Ouija board is bad for technical reasons. A really good technique is just randomly opening a book. God told me in an oracle that it is a covenant that you hold-up your end of the conversation.

You can't tell if God's talking unless you have a context of conversation, but, more importantly, you are commanded to do an offering of love, like communion preparation. 1 Corinthians,11:27 When you pick a greeting card for someone, that is love effort. If you expect God to put effort toward you, you must put effort toward Him. God said, "honest measures" applies between your offering of love and His response, like a fair barter. You get out of prayer what you put into it. God wants praise, hymns, or whatever you think He might want. Try and see, like Cain and Abel. Genesis,4:1, Ephesians,5:10 God told Cain his offering was not good and told him to try again. Cain really loved God! Can you imagine being so heart-broken?

Do a text search for "new song" in the Bible. It's mentioned nine times. When I hear a NEW awesome rock song, it is ecstasy for the first five times I hear it. Soon, it brings little-to-no pleasure. I did hymns for God. I also did Moses comics for God. When you get to the gates of Heaven, St. Peter will ask how many times you gave blood. That shows you loved neighbor. You better also be able to count the ways you loved God with all heart mind and soul. I praised God for sand castles, popcorn, snowmen, bubbles... You try putting effort into praise! Matthew,11:25, Matthew,6:29

This is funny -- Acts,2:1 -- they didn't bother to record anything the Holy Spirit said. The Holy Spirit is supposed to be a really good gift. Luke,11:13 Just remember, "Boys are made of snakes and snails and puppy-dog tails."

The technique I use to consult the Holy Spirit is reading a microsecond-range stop-watch each button press for random numbers. Then, I pick words or passages. You can use the AfterEgypt in God's official temple, TempleOS.

Since seeking the word of the Holy Spirit, I have come to know God much better than I've heard others explain. For example, God said to me in an oracle that war was, "servicemen competing." That sounds more like the immutable God of our planet than what you hear from most religious people. God is not Venus (god of

love) and not Mars (god of war), He's our dearly beloved God of Earth. If Mammon is a false god of money, Mars or Venus might be useful words to describe other false gods. I figure the greatest challenge for the Creator is boredom, ours and His. What would teen-age male video games be like if war had never happened? Christ said live by the sword, die by the sword, which is loving neighbor as self. Matthew,26:52

I asked God if the World was perfectly just. God asked if I was calling Him lazy. God could make A.I., right? God could make bots as smart as Himself, or, in fact, part of Himself. What if God made a bot to manipulate every person's life so that perfect justice happened?

I think highs and lows balance. Luke,6:20 If you laugh, you will cry. If you cry, you will laugh. Not one person has had great joy and not great sorrow. I think this claim is falsifiable if you atheists want to find a counter-example to disprove it -- find a single person who had great joy and not great sorrow. In Sirach, it says things happen in pairs. You might be surprised examining your own life to see great joy was in proximity to great sorrow. Pleasures and pains seem designed to balance. Man must do manual labor and have pain. Women must do child birth. Pride and humility also balance -- pride before a fall and humility before honors. Palm Sunday is juxtaposed to Good Friday. Perhaps, being loved balances with being hated. Job, in the Bible, had highs and lows that balanced. Joseph, in the Old Testament, had highs and lows that balanced. Genesis,39:20

Jesus said, "Forgive us our trespasses as we forgive those who trespass against us." If you think about it, the only way you get forgiven is for it to be done to you. That is a Jedi mind trick because it is nothing but simple eye-for-eye tooth-for-tooth justice. Live by the sword; die by the sword. The Bible is filled with justice pairs. St. Paul persecuted Christians and gained forgiveness by getting persecuted. King David almost got killed by Saul, then he killed a guy and took his wife. Abraham almost killed his unloved son, Ishmael. Genesis,21:16 That is why God asked Abraham to kill Isaac. God's favorite thing on TV is soap operas.

God hates complaining. Numbers,11:1 Food and clothing is all we're to ask for or demand, in fact -- daily bread. 1 Timothy,6:8 Just think about man in the last 100,000 years mostly living like Native Americans and how God must see us. You need food, clothing and entertainment, money is to get those. Man does not live on bread alone. Luke,4:4, Amos,8:11

God's favorite animals are bears and elephants. They are funny shaped -- I think God must have seen too much starvation over the years. If the purpose of life is to know and love God, then a priest's job is to make everybody know and love God. By saying God likes bears and elephants, I did more toward that end than all priests in history. Hosea,6:6 "It is love that I desire, not sacrifice; knowledge of God, not holocaust." As a former Catholic, that blew my mind. I actually thought love was sacrifice. I was so dumb, founded reading

mind. I actually thought love was sacrifice! I was so dumb-founded reading, "it is love that I desire, not sacrifice," that I actually looked-up the word, "love". It means to take delight in. I realized it is demonic pride if you think love means hurting yourself for others. In the Philippians, they got the notion crucifying yourself was a good idea. Similarly, a child thinking about Lent, might conclude, "if it's bad, it must be good." That is, if you think God wants you to hurt yourself to please Him, you are worshipping a demon, not God! God wants you to take delight in His company, get to know Him and praise Him. It is best to separate justice -- sin and punishment -- from relationship with

1 Corinthians 14New International Version (NIV)

Intelligibility in Worship

14 Follow the way of love and eagerly desire gifts of the Spirit, especially prophecy. 2 For anyone who speaks in a tongue[a] does not speak to people but to God. Indeed, no one understands them; they utter mysteries by the Spirit. 3 But the one who prophesies speaks to people for their strengthening, encouraging and comfort. 4 Anyone who speaks in a tongue edifies themselves, but the one who prophesies edifies the church. 5 I would like every one of you to speak in tongues,[b] but I would rather have you prophesy. The one who prophesies is greater than the one who speaks in tongues,[c] unless someone interprets, so that the church may be edified.

6 Now, brothers and sisters, if I come to you and speak in tongues, what good will I be to you, unless I bring you some revelation or knowledge or prophecy or word of instruction? 7 Even in the case of lifeless things that make sounds, such as the pipe or harp, how will anyone know what tune is being played unless there is a distinction in the notes? 8 Again, if the trumpet does not sound a clear call, who will get ready for battle? 9 So

it is with you. Unless you speak intelligible words with your tongue, how will anyone know what you are saying? You will just be speaking into the air. 10 Undoubtedly there are all sorts of languages in the world, yet none of them is without meaning. 11 If

then I do not grasp the meaning of what someone is saying, I am a foreigner to the speaker, and the speaker is a foreigner to me. 12 So it is with you. Since you are eager for gifts of the Spirit, try to excel in those that build up the church.

13 For this reason the one who speaks in a tongue should pray that they may interpret what they say. 14 For if I pray in a tongue, my spirit prays, but my mind is unfruitful. 15 So what shall I do? I will pray with my spirit, but I will also pray with my understanding; I will sing with my spirit, but I will also sing with my understanding. 16 Otherwise when you are praising God in the Spirit, how can someone else, who is now put

understanding. 16 Other wise when you are praising God in the Spirit, how can someone else, who is now put in the position of an inquirer,[d] say “Amen” to your thanksgiving, since they do not know what you are saying? 17 You are giving thanks well enough, but no one else is edified.

18 I thank God that I speak in tongues more than all of you. 19 But in the church I would rather speak five intelligible words to instruct others than ten thousand words in a tongue.

20 Brothers and sisters, stop thinking like children. In regard to evil be infants, but in your thinking be adults.

21 In the Law it is written:

“With other tongues
and through the lips of foreigners
I will speak to this people,
but even then they will not listen to me,
says the Lord.”[e]

22 Tongues, then, are a sign, not for believers but for unbelievers; prophecy, however, is not for unbelievers but for believers. 23 So

if the whole church comes together and everyone speaks in tongues, and inquirers or unbelievers come in, will they not say that you are out of your mind? 24 But

if an unbeliever or an inquirer comes in while everyone is prophesying, they are convicted of sin and are brought under judgment by all, 25 as the secrets of their hearts are laid bare. So they will fall down and worship God, exclaiming, “God is really among you!”

Good Order in Worship

26 What then shall we say, brothers and sisters? When you come together, each of you has a hymn, or a word of instruction, a revelation, a tongue or an interpretation. Everything must be done so that the church may be built up. 27 If anyone speaks in a tongue, two—or at the most three—should speak, one at a time, and someone must interpret. 28 If there is no interpreter, the speaker should keep quiet in the church and speak to himself and to God.

29 Two or three prophets should speak, and the others should weigh carefully what is said. 30 And if a revelation comes to someone who is sitting down, the first speaker should stop. 31 For you can all prophesy in turn so that everyone may be instructed and encouraged. 32 The spirits of prophets are subject to the control of prophets. 33 For God is not a God of disorder but of peace—as in all the congregations of the Lord’s people.

34 Women[f] should remain silent in the churches. They are not allowed to speak, but must be in submission, as the law says. 35 If

they want to inquire about something, they should ask their own husbands at home; for it is disgraceful for a woman to speak in the church.[g]

36 Or did the word of God originate with you? Or are you the only people it has reached? 37 If anyone thinks they are a prophet or otherwise gifted by the Spirit, let them acknowledge that what I am writing to you is the Lord’s command. 38 But if anyone ignores this, they will themselves be ignored.[h]

39 Therefore, my brothers and sisters, be eager to prophesy, and do not forbid speaking in tongues. 40 But everything should be done in a fitting and orderly way.

The Art of Debugging

[Terrence Andrew Davis](#) · 2 years ago

You want to work on the TempleOS debugger? Techniques are different for different environments. In TempleOS, you can insert debug code into the kernel to debug you app and have it up-and-running in 2 seconds. It's incredibly powerful being able to modify the kernel or compiler. Normally, break-points are owned by one task and removed and inserted when that task is active. Sometimes, I change the breakpoints so they are global by recompiling the kernel in 2 seconds.

Why You Should Hire Computer Science Majors

Terrence Andrew Davis → Alan · 2 years ago

I try to give the kids what we had with the C64. This generation has not had that experience. Honestly, there are people trying to confuse, mislead and keep people ignorant. There are people who purposely make it more complicated to make the profession more exclusive.

Many things I did with TempleOS are purposely simple. I frequently get people telling me the usual techniques, thinking I did it wrong. Well, duh! I could have made it more complicated. Average people actually admire something more complicated. They think you must be smart. If you make it really complicated in a way they can't understand, they think you are a genius.

4 ↑ ↓ ViewView in discussion

Terrence Andrew Davis · 2 years ago

I took a compiler course, an operating system course, a computer graphics course. I took five courses where we programmed in assembly language. I pretend to be uneducated, or at least don't put-on the usual airs. My generation was expert in ASM. This generation says "You wrote a compiler? Oh, but not the back-end, of course." This generation cannot imagine doing a compiler, front, middle and back-end.

Transcripts: <http://www.templeos.org/fil...>

At age 20, I was hired as a professional operating system developer at Ticketmaster on a VAX. When elephants have a baby in captivity, they often attack it. They don't know what it is. Elephants in a herd see their sisters and aunts have babies. You'd be surprised how many people don't know the first step is to make a debugger on bare metal. I have been paid to program in VAX, x86, 8051, 68000, PIC and Atmel AVR assembly, all on bare metal.

The difference between a professional and amateur operating system is writing a compiler. Denny wrote our pascal compiler for the VAX. Troy wrote our linker and assembler.

This is the book that came with every C64. Look at chapter 6. You made sprites with binary numbers.

<http://www.commodore.ca/man...>

This is how you put a character at a spot on the screen:

```
POKE 1024+40*Y+X,42
```

Kids today don't know how two dimensional arrays work.

Malloc and Free are simple. It's awful when they make it confusing with things other than Malloc and Free. They are evil.

Why Privacy Matters Even if You Have 'Nothing to Hide'

[Terrence Andrew Davis](#) · 3 years ago

Judge not lest you be judged. The people who do anal probes are going to get anally probed. I don't know by whom. We are very near armageddon and God will reign and do anal probing on the enemies of God.

Ironically, if you like being judged, you are free to anally probe people. If the judge has nothing to hide, the judge will still get anally probed.

How a \$47 Shrimp Treadmill Became a \$3-Million Political Plaything

[Terrence Andrew Davis](#) · 3 years ago

1 Corinthians 14 New International Version (NIV)

Intelligibility in Worship

14 Follow the way of love and eagerly desire gifts of the Spirit, especially prophecy. 2 For anyone who speaks in a tongue[a] does not speak to people but to God. Indeed, no one understands them; they utter mysteries by the Spirit. 3 But the one who prophesies speaks to people for their strengthening, encouraging and comfort. 4 Anyone who speaks in a tongue edifies themselves, but the one who prophesies edifies the church. 5 I would like every one of you to speak in tongues,[b] but I would rather have you prophesy. The one who prophesies is greater than the one who speaks in tongues,[c] unless someone interprets, so that the church may be edified.

6 Now, brothers and sisters, if I come to you and speak in tongues, what good will I be to you, unless I bring you some revelation or knowledge or prophecy or word of instruction? 7 Even

in the case of lifeless things that make sounds, such as the pipe or harp, how will anyone know what tune is being played unless there is a

distinction in the notes? 8 Again, if the trumpet does not sound a clear call, who will get ready for battle? 9

So

it is with you. Unless you speak intelligible words with your tongue,

how will anyone know what you are saying? You will just be speaking into

the air. 10 Undoubtedly there are all sorts of languages in the world, yet none of them is without meaning. 11 If then I do not grasp the meaning of what someone is saying, I am a foreigner to the speaker, and the speaker is a foreigner to me. 12 So it is with you. Since you are eager for gifts of the Spirit, try to excel in those that build up the church.

13 For this reason the one who speaks in a tongue should pray that they may interpret what they say. 14 For if I pray in a tongue, my spirit prays, but my mind is unfruitful. 15 So what shall I do? I will pray with my spirit, but I will also pray with my understanding; I will sing with my spirit, but I will also sing with my understanding. 16 Otherwise when you are praising God in the Spirit, how can someone else, who is now put in the position of an inquirer,^[d] say “Amen” to your thanksgiving, since they do not know what you are saying? 17 You are giving thanks well enough, but no one else is edified.

18 I thank God that I speak in tongues more than all of you. 19 But in the church I would rather speak five intelligible words to instruct others than ten thousand words in a tongue.

20 Brothers and sisters, stop thinking like children. In regard to evil be infants, but in your thinking be adults. 21 In the Law it is written:

“With other tongues
and through the lips of foreigners
I will speak to this people,
but even then they will not listen to me,
says the Lord.”^[e]

22 Tongues, then, are a sign, not for believers but for unbelievers; prophecy, however, is not for unbelievers but for believers. 23 So

if the whole church comes together and everyone speaks in tongues, and inquirers or unbelievers come in, will they not say that you are out of your mind? 24 But

if an unbeliever or an inquirer comes in while everyone is prophesying, they are convicted of sin and are brought under judgment by all, 25 as the secrets of their hearts are laid bare. So they will fall down and worship God, exclaiming, “God is really among you!”

Good Order in Worship

26 What then shall we say, brothers and sisters? When you come together, each of you has a hymn, or a word of instruction, a revelation, a tongue or an interpretation. Everything must be done so that the church may be built up. 27 If anyone speaks in a tongue, two—or at the most three—should speak, one at a time, and someone must interpret. 28 If there is no interpreter, the speaker should keep quiet in the church and speak to himself and to God.

29 Two or three prophets should speak, and the others should weigh carefully what is said. 30 And if a revelation comes to someone who is sitting down, the first speaker should stop. 31 For you can all prophesy in turn so that everyone may be instructed and encouraged. 32 The spirits of prophets are subject to the control of prophets. 33 For God is not a God of disorder but of peace—as in all the congregations of the Lord’s people.

34 Women^[f] should remain silent in the churches. They are not allowed to speak, but must be in submission, as the law says. 35 If

they want to inquire about something, they should ask their own

husbands at home; for it is disgraceful for a woman to speak in the church.[g]

36 Or did the word of God originate with you? Or are you the only people it has reached? 37 If anyone thinks they are a prophet or otherwise gifted by the Spirit, let them acknowledge that what I am writing to you is the Lord's command. 38 But if anyone ignores this, they will themselves be ignored.[h]

39 Therefore, my brothers and sisters, be eager to prophesy, and do not forbid speaking in tongues. 40 But everything should be done in a fitting and orderly way.

Our Neanderthal Complex - Issue 18: Genius

Terrence Andrew Davis · 3 years ago

It's kinda of like planet of the apes. My sister has a statue of the thinker. It has an ape holding a human skull and scratching his head. It says "Darwin" on the plinth.

I asked God what Neanderthals thought about. "Warmth"

I asked Lucy's husband's name? "Golem"

I asked the hardest part of evolution. Getting monkey mothers to hold babies for nursing. Smothering is one problem.

Now, that God's temple is created, it is like the Oklahoma land race to get secrets from God. You must do pleasing offerings before He is nice.

The computer science Neanderthals I deal with... Here's a fact. If something is more complicated that ALWAYS respect it more. You can impress them simply by clusterfucking obfuscating. They will think you are a god. I keep telling them any genius can make it complicated but it takes a supragenius to make it simple. It's hopeless, dumb fucks. Physicists are smart.

Debugging courses should be mandatory

[Terrence Andrew Davis](#) · 3 years ago

Something you might add: Hardware manufactures often put locations to attach a probe. Hardware manufacturers have a hard time seeing inside a chip, so they find ways to plan ahead so they can debug. This is truly shocking to me: people are so lazy! When debugging you often have to build temporary scaffolding. I find people with no work ethic. If you get stumped, try something, even if its crazy. My arrogant boss put mastermind on the VAX system. Obviously, he though highly of minimizing guesses. Debugging is like mastermind except you are judged on a clock instead of number of guesses. Off by one? 50/50 solved very quickly and painlessly with a guess.

I try to keep my turn-around time to a minimum. If it takes a long time to compile and test, obviously you think a little longer and harder with each test.

I wrote an operating system. Run toward bugs not away from them. You must stay current on bugs or they multiply and get exponentially harder. If you have no bugs, change something and get bugs, it's the new code. If you let old bugs live, you quickly get clueless as to what changed recently.

How to Design a Good API and Why it Matters | VidCat - Knowledge Sharing Network

[Terrence Andrew Davis](#) · 4 years ago

We must change the API if it is not good. This is the sacred job of the Levites who maintain God's temple. God's temple must always be perfect. Think about the thousand year perspective. Pray and allow yourself to be the puppet of God. TempleOS is created with Divine Intellect.

Everybody must change their code if the API changes. That's life.

Needless to say, the code is awesome after ten years of this, working-out the kinks.

The BMP file format planned ahead, with an expandable header allowing more stuff. When ahead came, it resulted in a clusterfuck. Do not plan ahead. BMP is grotesque. WAV is grotesque. PDF is grotesque. USB is grotesque.

You admire complicated, I admire simple. You think I'm wrong? Tell me one case where you would admire the less complicated over the more complicated.

Engineers have this thing called "over engineering". Overengineering should not be commended. It is cowardice.

Bill Gates said "640K should be enough." What a retard. I say "2 Gig should be enough for the code heap." You call me a retard because you know Moores law, LOL. A computer scientist's strength in math is induction, an engineer is diff equ. A black woman sued for a trillion dollars.

[Terrence Andrew Davis](#) · 4 years ago

You use the Unix time format. The number is the number of seconds since JAN 1 1970. They'll help you convert a time to a Unix time. They have a link.

<http://beacon.nist.gov/home>

  [ViewView in discussion](#)

[Terrence Andrew Davis](#) · 4 years ago

Every 60 seconds, NIST does one batch of random numbers. I take the first 6 hex digits. You can access their stored database of number at your leisure. If I fool you one time with bogus number, just keep checking the site as many times as you like. They allow secured access.

This is not a difficult thing to understand. It's God. Relax, thousand of years God has talked. Do not be surprised.

Making 30 years old Pascal code run again

[Terrence Andrew Davis](#) · 4 years ago

Pascal is for ngers, we all agree. I made HolyC. When you have no args, I made parens on function calls optional. I don't know why you think improving the language making parens optional is for ngers.

I use HolyC at the command line.

```
>Dir("**");
```

I added C++ default args.

```
>Dir();
```

I made parens optional.

```
>Dir;
```

yes, I fucken wrote a compiler. Fucken planet of the apes.

'Time Crystals' Could Upend Physicists' Theory of Time

Terrence Andrew Davis · 4 years ago

Joys are balanced by sorrows. This is testable. Even if imperfect, humility before honors; pride before a fall is a testable law. Luke 6. God says...

12:10 And it was so, when they saw that there was much money in the chest, that the king's scribe and the high priest came up, and they put up in bags, and told the money that was found in the house of the LORD.

12:11 And they gave the money, being told, into the hands of them that did the work, that had the oversight of the house of the LORD: and they laid it out to the carpenters and builders, that wrought upon the house of the LORD, 12:12 And to masons, and hewers of stone, and to buy timber and hewed stone to repair the breaches of the house of the LORD, and for all that was laid out for the house to repair it.

Tornado

H-1B Models Strut Into U.S. as Programmers Pray for Help

Terrence Andrew Davis · 4 years ago

God used "vanity" in an unusual way. Normally it means you look in the mirror and admire yourself. He used it applied to I.Q. If you can't shut-up talking about evolution, you are IQ vain.

Highs and lows seem to balance. Jesus said to take the lowest seat at the banquet and be invited up. I call it voodoo, but I think you can work the system by taking a low status position to get rewarded with high status. When you put it like that, I lose enthusiasm. Go interview everybody you know and see if humility came before honors and pride before a fall. I lose motivation in the World, but God's delightful to talk with.

20 Looking at his disciples, he said:

“Blessed are you who are poor,
for yours is the kingdom of God.

21 Blessed are you who hunger now,
for you will be satisfied.

Blessed are you who weep now,
for you will laugh.

22 Blessed are you when people hate you,
when they exclude you and insult you
and reject your name as evil,
because of the Son of Man.

23 “Rejoice in that day and leap for joy, because great is your reward in heaven. For that is how their ancestors treated the prophets.

24 “But woe to you who are rich,
for you have already received your comfort.

25 Woe to you who are well fed now,
for you will go hungry.

Woe to you who laugh now,
for you will mourn and weep.

26 Woe to you when everyone speaks well of you,
for that is how their ancestors treated the false prophets.

I marvel how every politician is loved and hated.

Welcome to Google Island

Terrence Andrew Davis · 4 years ago

God says...

28:7 In the same quarters were possessions of the chief man of the island, whose name was Publius; who received us, and lodged us three days courteously.

28:8 And it came to pass, that the father of Publius lay sick of a fever and of a bloody flux: to whom Paul entered in, and prayed, and laid his hands on him, and healed him.

28:9 So when this was done, others also, which had diseases in the island, came, and were healed: 28:10 Who also honoured us with many honours; and when we departed, they laded us with such things as were necessary.

28:11 And after three months we departed in a ship of Alexandria, which had wintered in the isle, whose sign was Castor and Pollux.

28:12 And landing at Syracuse, we tarried there three days.

The Devil in Plain Text ☯ @plexus Devblog

[Terrence Andrew Davis](#) · 4 years ago

I had nothing better to do, so I made %Q in sprintf encode and %q in sprintf decode. I don't work with HTML, I work with printf strings, as a matter of fact. Everybody has to master converting backslash to double backslash and quote to backslash quote in my operating system because to make an icon, you have to supply a string. It's actually embarrassing that users really do have to learn that. Once in a while you have to double encode. Fortunately, the concept is easy. Maybe, it's like LISP in being an unnatural thing to type.

Belief in end-times stifling climate change action in U.S.: study

Terrence Andrew Davis → gunnergoz · 5 years ago

Tongues, my friend. Yeah, modifying comments is dangerous if someone responds too quickly.

The Holy Spirit Comes at Pentecost

2 When the day of Pentecost came, they were all together in one place. 2 Suddenly a sound like the blowing
of a violent wind came from heaven and filled the whole house where they were sitting. 3 They saw what
seemed to be tongues of fire that separated and came to rest on each of them. 4 All of them were filled with
the Holy Spirit and began to speak in other tongues[a] as the Spirit enabled them.

5 Now there were staying in Jerusalem God-fearing Jews from every nation under heaven. 6 When they
heard this sound, a crowd came together in bewilderment, because each one heard their own language
being spoken. 7 Utterly amazed, they asked: "Aren't all these who are speaking Galileans? 8 Then how is it
that each of us hears them in our native language? 9 Parthians, Medes and Elamites; residents of
Mesopotamia, Judea and Cappadocia, Pontus and Asia,[b] 10 Phrygia and Pamphylia, Egypt and the parts of
Libya near Cyrene; visitors from Rome 11 (both Jews and converts to Judaism); Cretans and Arabs—we hear
them declaring the wonders of God in our own tongues!" 12 Amazed and perplexed, they asked one another,
"What does this mean?"

13 Some, however, made fun of them and said, "They have had too much wine."

They all heard something different. ROFLMAO They didn't bother to record any!

Pope is a twat. "Capitalism is slavery" I'll bet God doesn't even talk to Him! He doesn't love God. You cannot hate Creation and love God. Praise the World, you f-ing moron! Catholics are all sour-puss holier than though atheists. Do an f-ing miracle, moron!

God says...

107:11 Because they rebelled against the words of God, and contemned the counsel of the most High:

107:12 Therefore he brought down their heart with labour; they fell down, and there was none to help.

107:13 Then they cried unto the LORD in their trouble, and he saved them out of their distresses.

107:14 He brought them out of darkness and the shadow of death, and brake their bands in sunder.

107:15 Oh that men would praise the LORD for his goodness, and for his wonderful works to the children of men!

107:16 For he hath broken the gates of brass, and cut the bars of iron in sunder.

Using checklists for code review

[Terrence Andrew Davis](#) · 5 years ago

I run a somewhat unprofessional operation. I have a lot of code and it is not uncommon to introduce a bug in one spot while everything else is fine. I run a test suite that covers a lot, though not really. I try to make the rounds of testing everything, but sometimes it takes a month to discover a bug on the shipped version. I make an operating system with compiler. A lot can go wrong. I try to do a test install and an upgrade install in VMWare. I can't test on native hardware, anymore. It is pretty unreasonable to test my install scripts when my work has mostly been changing a stupid game that is completely unrelated to install scripts! When I work on my compiler, all hell can break loose if I'm not careful, but I try to be careful.

The Definitive Reference to Why Maybe Is Better Than Null

[Terrence Andrew Davis](#) · 5 years ago

You can stop bragging. I marked page zero NOT PRESENT in my operating system. You set a kernel config flag for it and none of the code derefs NULL. My operating system is single-address-mapped IDENTITY-MAPPED. All tasks get code randomly in different locations based on MAlloc. All code is position independent VIA patching absolute addresses. In fact, you cannot put code at a desired address.

Yesod :: The Perils of Partially Powered Languages

[Terrence Andrew Davis](#) · 5 years ago

My FILE SYSTEM has individual file compression and uncompression if the name ends in Z. There is one language but JIT and AOT modes. It is a flavor of C/C++, more than C, less than C++, but different. It is truly compiled, not interpreted. If you see interpretation in the optimization passes that's because the compiler is simplifying constant expression. I wrote every line from scratch.

How to Avoid a House of Falling Code

[Terrence Andrew Davis](#) → Guest · 5 years ago

Do you need a spec to write a spec? Writing code with no spec is like writing a spec. Is there a structured way to write a spec? Why don't you write a spec on how to write a spec. If the project is a one person job, this is not so crazy. A kid building with blocks... is this approach bad? When code can be easily erased and repositioned, it is like a kid building with blocks. He is making the spec as he goes. He makes decisions at the appropriate time. He could not foresee. He must backtrack and take other paths.

I gotcha! What if the architect gets legos and make the building in a mock-up?

Who doesn't respect NASA? NASA's approach could make ten Monkeys bands, but not a Beattles. The average person think the Monkeys are just as praiseworthy as the Beattles. I'll bet if you ask most of the engineers in your office, they will be confused as to what point I am making. This is like saying anyone who can use Newton's laws is as good as Newton. Genius ideas come from God -- Muses. He gives them or withholds them making mental blocks. I could shock you with mental blocks. Everybody at OSDev takes it as a forgone conclusion to reproduce Linux when they make an operating system. I take inspiration from a C64. Did you know a C64 did not use ASCII!! If you have a spec, you are a nobody. I get my ideas as I go.

Stephen King: NRA Should 'Clean Up Blood, Brains, and Chunks of Intestine' After Next Massacre

[Terrence Andrew Davis](#) · 5 years ago

As a person ordered to take psychiatric meds, the first years dealing with mental health is pure rage. (Eugenic impotence meds, getting locked up for getting angry, etc.) You just got to bend over or they lock you up. They test you to see if you have any spirit, like a horse being broken, and lock you up. I'll tell you why mental patients go on shooting sprees. The FBI is intimately involved with mental health. A mental patient has the same lack of rights as unfree countries. Stop for a minute and ask how you'd like the label "mental". Suddenly they can take away guns and lock you up without due process. Let that sink in, next time you think we are in a free country. Just imagine how easy it is to make a young person go over the edge. It's a sport -- police+psychology can mercilessly trigger people to "run" or go nuts. They employ actor agents to push your buttons. Trust me, they can get under your skin. In the mental hospitals, I saw a photo book where they cast actors. I'll talk about CIA later. Basically, the CIA gets dirt on people and extorts them. It's not a pretty country.

Almost Flat Design

[Terrence Andrew Davis](#) · 5 years ago

Flat design is how many levels of subroutines and macros and templates. I strongly avoid repeat code, but I also refrain from doing masterbatory cool constructs like ASM macros that people get carried away with... because they are fun at the time... but everybody else hates the person.

I do not like nasty high level languages, but asm is silly, too. Moderation and good sense and wisdom and humility. Don't get stuck on "if it's bad it must be good" either.

Least privilage will have you alphabetizing soup cans by type and date in the cupboard. More names spaces et nasuea? Never using a global variable in a 1,000 line program?

Use the constructs appropriate for the size of the project and don't EVER pat yourself on the back for over engineering. OVER ENGINEERING is cowardly and wasteful and stupid. stupid.

[↑](#) [↓](#) [View](#)[View in discussion](#)

Ruby MRI Source Code Idioms #1: Accessing Data Via Macros

Terrence Andrew Davis · 5 years ago

When I was hired at Ticketmaster to work on their VAX operating system in VAX asm in 1990, my boss and mentor Peter Gadwa said macros were a bad idea. When I made my compiler for SparrowOS, I did not implement preprocessor macros. I half-ass implemented typedefs, saw I didn't need them and removed typedefs. I have just classes, no structures, but unions. Classes can have one base class. I have no idea where a C++ compiler orders things if you have multiple base classes. That's obscure -- I want transparency. Generally when you simplify things for stupid people with indirection and abstraction it is counter productive. I have no STL -- you make your ARRAYS by yourself.

Many old-school programmers are correct when they say assembly language is actually simpler. That's true but it's more tedious. I loath the arrogant [explative]s who make liberal languages for f*gg*t academics. There are lots of people who would not be happy with a Russian space pencil.

I wrote a free, open source, PUBLIC DOMAIN, operating system with compiler over the last 9 years. 138,000 lines of code by myself. <http://www.sparrowos.com> All source can be browsed on-line, too. By file <http://www.sparrowos.com/Wb...> or by symbol <http://www.sparrowos.com/Wb...> .

I don't care about laptops. Originally, I did not enter HLT state to get more performance because I assumed sleep and wake took time. It doesn't, but you do need an interrupt to wake and that takes a little time. If doing multicore it means you have more overhead so you can't do smaller jobs.

I enter HLT state, now, but redraw whole screen at 60 fps because that's optimal for flight simulators and first person shooters. It mildly bad for power consumption.

If the weight of God is behind it, maybe it gets popular and this question is relevant, otherwise it will be in VMware only, anyway.

God says...

C:\Text\WEALTH.TXT

the invention of the art of printing, the only employment by which a man of letters could make any thing by his talents, was that of a public or private teacher, or by communicating to other people the curious and useful knowledge which he had acquired himself; and this is still surely a more honourable, a more useful, and, in general, even a more profitable employment than that other of writing for a bookseller, to which the art of printing has given occasion. The time and study, the genius, knowl

Fuck You.

I have grub -- it's the only way to boot Linux, Windows and SparrowOS.

I can boot Windows and SparrowOS from my bootloader but Linux is weird.

Grub is major obfuscation. Dicks.

```
menuentry "SparrowOS D" {
insmod chain
set root=(hd0,msdos1)
chainloader +1
}

menuentry "SparrowOS E" {
insmod chain
set root=(hd0,msdos5)
chainloader +1
}

menuentry "SparrowOS I" {
insmod chain
set root=(hd1,msdos5)
chainloader +1
}
```

I hate Linux

Also, my bootloader only does one hard drive -- it would be easy enough to fix it, but I like it simple. Since users probably have factory windows restore disk and not partitioner with Windows, my recommendation for users is to install a spare drive and use BIOS boot menu. It makes it safe too. I'm a genius.

God says...

```
C:\Text\BIBLE.TXT
```

nd soit was, that in the seventh day the battle was joined: and thechildren of Israel slew of the Syrians an hundred thousand footmen inone day.

20:30 But the rest fled to Aphek, into the city; and there a wall fellupon twenty and seven thousand of the men that were left. And Benhadadfled, and came into the city, into an inner chamber.

20:31 And his servants said unto him, Behold now, we have heard thatthe kings of the house of Israel are merciful kings: let us, I praythee, put sackclot

Read this and think about it:

Now Abel kept flocks, and Cain worked the soil. 3 In the course of time Cain brought some of the fruits of the soil as an offering to the Lord. 4 And Abel also brought an offering—fat portions from some of the firstborn of his flock. The Lord looked with favor on Abel and his offering, 5 but on Cain and his offering he did not look with favor. So Cain was very angry, and his face was downcast.

6 Then the Lord said to Cain, “Why are you angry? Why is your face downcast? 7 If you do what is right, will you not be accepted? But if you do not do what is right, sin is crouching at your door; it desires to have you, but you must rule over it.”

This God is petty and human and lovable. Infinity and science will lead you astray.

<http://www.biblegateway.com...>

25 At that time Jesus said, “I praise you, Father, Lord of heaven and earth, because you have hidden these things from the wise and learned, and revealed them to little children. 26 Yes, Father, for this is what you were pleased to do. 27 “All things have been committed to me by my Father. No one knows the Son except the Father, and no one knows the Father except the Son and those to whom the Son chooses to reveal him. 28 “Come to me, all you who are weary and burdened, and I will give you rest. 29 Take my yoke upon you and learn from me, for I am gentle and humble in heart, and you will find rest for your souls. 30 For my yoke is easy and my burden is light.”----Humble of head means what? Proud of heart won't accept a gift from God. Esau's birthright? Not being a laborer? being American?

The Impoliteness of Overriding Methods

Terrence Andrew Davis · 5 years ago

The world is perfectly just.

God says...

me in the bonds of the gospel: 1:14 But without thy mind would I do nothing; that thy benefit should not be as it were of necessity, but willingly.

1:15 For perhaps he therefore departed for a season, that thou shouldest receive him for ever; 1:16 Not now as a servant, but above a servant, a brother beloved, specially to me, but how much more unto thee, both in the flesh, and in the Lord? 1:17 If thou count me therefore a partner, receive him as myself.

1:18 If he hath wronged thee, or oweth thee ought, put that on mine account; 1:19 I Paul have written it with mine own hand, I will repay it: albeit I do not say to thee how thou owest unto me even thine own self besides.

Face-to-Face with Homo Floresiensis

Terrence Andrew Davis → **Terrence Andrew Davis** · 5 years ago

Some sick people think love is sacrifice. This blew my mind! "It is love I desire, not sacrifice; knowledge of God, not holocausts."

<http://bible.cc/hosea/6-6.htm>

I looked-up "love" in the dictionary -- it means to take delight in

hooked-up love in the dictionary -- it means to take delight in.

Many proud people have a moral compass "If it's bad, it must be good; worse, it must be better." Be careful. Jesus was humble of heart. Proud of heart is bad. God loved Jacob and hated Esau. If God gives a gift, don't be proud of heart and reject it!

38 As Jesus and his disciples were on their way, he came to a village where a woman named Martha opened her home to him. 39 She had a sister called Mary, who sat at the Lord's feet listening to what he said. 40 But Martha was distracted by all the preparations that had to be made. She came to him and asked, "Lord, don't you care that my sister has left me to do the work by myself? Tell her to help me!"

41 "Martha, Martha," the Lord answered, "you are worried and upset about many things, 42 but few things are needed—or indeed only one.^[f] Mary has chosen what is better, and it will not be taken away from her."

God shows signs of unconditional love toward me. I think about myself and seem rotten in many ways, some times.

God says...

tabernacle of the congregation, for all the service of the tabernacle:
and a stranger shall not come nigh unto you.

18:5 And ye shall keep the charge of the sanctuary, and the charge of the altar: that there be no wrath any more upon the children of Israel.

18:6 And I, behold, I have taken your brethren the Levites from among the children of Israel: to you they are given as a gift for the LORD, to do the service of the tabernacle of the congregation.

18:7 Therefore thou and thy sons with thee shall keep your priest's office for everything of the altar, and within the vail; and ye shall serve: I have given your priest's office unto you as a service of gift: and the stranger that cometh nigh shall be put to death.

I'm supposed to feel jealous, keeping God for myself. Jesus said to pray in your room.

Getting back to this article.... Why don't we have tails, God?

God says...

So, I have as good an idea what God looks for in an offering as anyone. Abel good, Cain bad. God has quoted "honest measures", a concept where stores make a honest exchange. God mostly responds to everything I offer, the only exception is when I stupidly say stuff He would obviously not like.

One time, I made a Moses comic. "We're dying of malnutrician with this manna." God didn't respond. Then, I realized this would not make Him feel good and may, in fact have been a lie, contrary to historical fact.

There's a particular type of brain-dead sleepwalking that is common. God likes elephants. I've watched all the baby elephants on YouTube. There's this one old elephant sanctuary with grossly deformed elephants, that you really don't want to see! An elephant sanctuary for crippled elephants is cliched and predictable on so many levels.

Don't ask about abortion. I suggest (cliched) God does not want to be put to the test -- if you create a

Don't ask about abortion; I suggest (click): God does not want to be put to the test. If you create a situation which attempts to force Him to act, watch-out He's contrary!

"To the honest you are honest; to the perverse, You are devious."

These two Bible chapters are good for getting to know God.

<http://www.biblegateway.com...>

<http://www.biblegateway.com...>

God wants praise; God want's love; God likes wit.

God says...

(picked randomly)

5:11 And not only so, but we also joy in God through our Lord Jesus Christ, by whom we have now received the atonement.

5:12 Wherefore, as by one man sin entered into the world, and death by sin; and so death passed upon all men, for that all have sinned: 5:13

(For until the law sin was in the world: but sin is not imputed when there is no law.

5:14 Nevertheless death reigned from Adam to Moses, even over them that had not sinned after the similitude of Adam's transgression, who is the figure of him that was to come.

5:15 But not as the offence, so also is the free gift. For if through the offence of one many be dead, much more the grace of God, and the gift by grace, which is by one man, Jesus Christ, hath abounded unto many.

God does not want to tell us what to do. I compare it to a cling-too-tightly spouse. Personally, I think the notion of courtship is useful. You know how much work people put into courtship? Love God with all heart, mind and soul.

Talk about woolly mammoths, God, so I don't get in trouble for being off-topic.

God says...

Cain and Abel is the most important story in the Bible. Cain truly loved God. Just think about that! They gave God gifts. Not all were acceptable. God talked.

4 Adam[a] made love to his wife Eve, and she became pregnant and gave birth to Cain.[b] She said, "With the help of the Lord I have brought forth[c] a man." 2 Later she gave birth to his brother Abel.

Now Abel kept flocks, and Cain worked the soil. 3 In the course of time Cain brought some of the fruits of the soil as an offering to the Lord. 4 And Abel also brought an offering—fat portions from some of the firstborn of his flock. The Lord looked with favor on Abel and his offering, 5 but on Cain and his offering he did not look with favor. So Cain was very angry, and his face was downcast.

6 Then the Lord said to Cain, "Why are you angry? Why is your face downcast? 7 If you do what is right, will you not be accepted? But if you do not do what is right, sin is crouching at your door; it desires to have you, but you must rule over it."

8 Now Cain said to his brother Abel, "Let's go out to the field." [d] While they were in the field, Cain attacked his brother Abel and killed him.

9 Then the Lord said to Cain, "Where is your brother Abel?"
"I don't know," he replied. "Am I my brother's keeper?"

Terrence Andrew Davis → cat · 5 years ago

Tongues is getting a spirit (the Holy Spirit) to talk. It doesn't matter how you go about it. Talking is good --
better than if it's not understandable.

<http://www.biblegateway.com...>

"bustle" is about peacocks.

So, first fruit was probably like watermelon or grapes, not tree fruit? The ground may have been hot and this is why fruit developed? "excess downward conjoined" Too many fingers (branches). Too many downward branching fingers... what?

God says...

17:12 While I was with them in the world, I kept them in thy name:

those that thou gavest me I have kept, and none of them is lost, but the son of perdition; that the scripture might be fulfilled.

17:13 And now come I to thee; and these things I speak in the world, that they might have my joy fulfilled in themselves.

17:14 I have given them thy word; and the world hath hated them, because they are not of the world, even as I am not of the world.

17:15 I pray not that thou shouldest take them out of the world, but that thou shouldest keep them from the evil.

1 ↑ ↓ ViewView in discussion

Terrence Andrew Davis → **ImpartialAntagonist** · 5 years ago

Did you not perceive God's response? He spoke of fruit on the ground, scorched... and He spoke of commanding to eat flesh, becoming carnivore.

The only true way to research evolution and dinosaurs is by asking God.

Did you really think peacock feathers happened by chance?

let's ask God about peacocks.

God says...

slow offence importunity instability tempers subverted bustle

Terrence Andrew Davis → **Andrew Clinton Vanderpool** · 5 years ago

I asked God the hardest thing in evolution... Getting monkey mothers to hold babies for nursing. I guess smothering was sometimes a problem.

I ask God His happiest day in evolution. "Fruit"

I asked God about evolution. "Fish shoulders" (Sun fish are vertical; lizards are horizontal.)

God said literal Creation story... ridiculous.

Randomly opening book...

God says:

saith the Lord GOD; Behold, mine anger and my fury shall be poured out upon this place, upon man, and upon beast, and upon the trees of the field, and upon the fruit of the ground; and it shall burn, and shall not be quenched.

7:21 Thus saith the LORD of hosts, the God of Israel; Put your burnt offerings unto your sacrifices, and eat flesh.

7:22 For I spake not unto your fathers, nor commanded them in the day that I brought them out of the land of Egypt, concerning burnt offerings or sacrifices: 7:23 But this thing commanded I them, saying, Obey my voice, and I will be your God, and ye shall be my people: and walk ye in all the ways that I have commanded you, that it may be well unto you.

You must do offering before consulting God -- it's a covenant. "honest measures" applies. Just be charming and hold-up your end of the conversation.

I go to <http://www.random.org> for random line numbers into the Bible. It's God, not superego; q.e.d.

Using a 400Mhz or 14Mhz stopwatch for random numbers is God, but stupid people are not electrical engineers. Any electrical engineer will laugh you to scorn if you think it's the brain.

Ask God? i want to employ Him for on-line-support! Random passage, coming-up!

caused it to rain upon the earth, and there was not a man to till the ground.

2:6 But there went up a mist from the earth, and watered the whole face of the ground.

2:7 And the LORD God formed man of the dust of the ground, and breathed into his nostrils the breath of life; and man became a living soul.

2:8 And the LORD God planted a garden eastward in Eden; and there he put the man whom he had formed.

Lemme explain. God made a rubber-duckie.

Feeling like a fraud while doing startups

Terrence Andrew Davis · 5 years ago

I'm not a fraud, but everybody else is, so people think I am.

I do exceptions totally differently.

The compiler parses try/catch here (compile-time):

<http://www.sparrowos.com/Wb...>

The kernel has this code for exceptions (run-time):

<http://www.sparrowos.com/Wb...>

Demo, showing how to use:

<http://www.sparrowos.com/Wb...>

[Terrence Andrew Davis](#) · 5 years ago

My source code is not just ASCII, it's rich text with graphics. Imagine compiling a Word document. When you get out of the ASCII stone ages, you can have word-wrap in your source code comments.

(The word wrap sucks, though, because my command-line has active links. Grep prints links. If the width of my source code is different, line numbers change!)

<http://www.sparrowos.com>

I just used word wrap in comments. I don't like word wrap in code.

9:32 And the decree of Esther confirmed these matters of Purim; and it was written in the book.

10:1 And the king Ahasuerus laid a tribute upon the land, and upon the isles of the sea.

10:2 And all the acts of his power and of his might, and the declaration of the greatness of Mordecai, whereunto the king advanced him, are they not written in the book of the chronicles of the kings of Media and Persia? 10:3 For Mordecai the Jew was next unto king Ahasuerus, and great among the Jews, and accepted of the multitude of his brethren, seeking the wealth of his people, and speaking peace to all his seed.

How Americans Became Helpless

[Terrence Andrew Davis](#) · 5 years ago

Luke 6

20 Looking at his disciples, he said:

“Blessed are you who are poor,
for yours is the kingdom of God.

21 Blessed are you who hunger now,
for you will be satisfied.

Blessed are you who weep now,
for you will laugh.

22 Blessed are you when people hate you,
when they exclude you and insult you
and reject your name as evil,
because of the Son of Man.

23 “Rejoice in that day and leap for joy, because great is your reward in heaven. For that is how their
ancestors treated the prophets.

24 “But woe to you who are rich,
for you have already received your comfort.

25 Woe to you who are well fed now,
for you will go hungry.

Woe to you who laugh now,
for you will mourn and weep.

26 Woe to you when everyone speaks well of you,
for that is how their ancestors treated the false prophets.

I Fucking Google Everything

[Terrence Andrew Davis](#) · 5 years ago

I've thought about this. If you got rid of all rote learning in schools, you'd be left with 3 years instead of 12 years of content? Skip teaching history? Let's talk about history. You'll soon decide moderation is in order-- you need lots of facts or your brain can't think. It's kind of like philosophers discussing knowing words. Facts from history class, for example are entities like word that your brain uses to think about things.

Bittersweet Victory: Physics After the Higgs

[Terrence Andrew Davis](#) · 5 years ago

All you can do now is ask God? God says...

hundred oxen.

35:10 So the service was prepared, and the priests stood in their place, and the Levites in their courses, according to the king's commandment.

35:11 And they killed the passover, and the priests sprinkled the blood from their hands, and the Levites flayed them.

35:12 And they removed the burnt offerings, that they might give according to the divisions of the families of the people, to offer unto the LORD, as it is written in the book of Moses. And so did they with the oxen.

35:13 And they roasted the passover with fire according to the ordinance: but the other holy offerings sod they in pots, and in caldrons, and in pans, and divided them speedily among all the people.

They should put a sod roof on an accelerator.

One time God quoted the Jericho wall story. :-)

How to understand half of Harry Potter book in any given language (+ source code)

Terrence Andrew Davis · 6 years ago

<http://www.biblegateway.com...>

```
10 i = i + 1
```

```
20 PRINT i
```

```
30 IF i > 100000 THEN i = 0: GOTO 10
```

```
40 IF INKEY$ = "" THEN 10
```

```
50 PRINT "Bible, Line:", i
```

God says...

10:10 By the which will we are sanctified through the offering of the body of Jesus Christ once for all.

10:11 And every priest standeth daily ministering and offering oftentimes the same sacrifices, which can never take away sins: 10:12 But this man, after he had offered one sacrifice for sins for ever, sat down on the right hand of God; 10:13 From henceforth expecting till his enemies be made his footstool.

10:14 For by one offering he hath perfected for ever them that are sanctified.

<http://www.losethos.com/LTH...>

You get out of prayer what you put into it. Offerings required. Praise God thoughtfully. The effort in picking a greeting card is the kind of effort you should show toward God.
